Backgrounder - Myren Bobryk-Ozaki is Announced as a Top 100 Intern of 2023 by WayUp

ATHENS, GA, August 1, 2023 – Myren Bobryk-Ozaki was named one of the top 100 interns in the United States on WayUp and Yello's official list, released at the start of August in 2023. This title is awarded to interns across the country that demonstrate exceptional innovation, contribution, leadership and dedication in their internship, career field and company.

As part of a celebration for National Intern Day, WayUp and Yello release their lists of the top 100 internship programs and top 100 interns for the year with the goal of celebrating the next generation of leaders and the programs that uplift them. The top 100 intern list is selected from a nation-wide, public submission pool. Any person who has interned for a company over the course of the 2023 year may nominate themselves. The selection process includes a public voting period that accounts for a 30% weight on the selection and a private, expert panel that accounts for the remaining 70% weight. The selected awardees are publicly announced and the list may be viewed by anyone.

This award aligns with Bobryk-Ozaki's goal to be a leader in their field that produces excellent deliverables while making an impact on those around them. Not only was Bobryk-Ozaki selected as a top 100 intern, but the team they worked for when receiving the award, Windstream Enterprise, cheered them on every step of the way as they had experienced Bobryk-Ozaki's determination and influence on a daily basis. Their supervisor wrote a letter of support for their nomination that Bobryk-Ozaki believes to be a major component for why they were selected. This award will help continue to drive Bobryk-Ozaki towards their ideal future career in the marketing and communications industry as an international scholar and leader.

Bobryk-Ozaki first heard of this award through WayUp towards the beginning of 2023. WayUp, as a US-based job and hiring board, was a company they followed and used regularly in hope to familiarize themselves with job opportunities and eventually apply for positions they were interested in. Despite the knowledge of the award, Bobryk-Ozaki worked at Windstream Enterprise with no specific plan to strive for the award. The work that they did within their internship was driven by personal passion and enjoyment. When the nominations for the award found its way into Bobryk-Ozaki's LinkedIn feed, it was within the last week that nominations were being accepted. Although Bobryk-Ozaki was hesitant to nominate themselves, their supervisor encouraged them to after a one-on-one meeting.

Myren Bobryk-Ozaki is thrilled to have accomplished a title awarded to only 99 other people in the country for the 2023 year.
